MT GILLIES ADVENTURE SCRAMBLE (\$60PP 10YO+)

Mt Gillies hosts a maze of rocky outcrops that we help you explore to unlock the hidden secrets of the mountain. We will peer into dark caves, thread through tight crevices and scramble about on rocky pillars. Kids will have an absolute blast as they direct the exploration with the help of our experienced guides. Adults can be equally energetic or appreciate some of the more tranquil elements of the hike – delicate displays of wildflowers and sublime vistas of the Mt Barney skyline.

MT MAROON - DESCENT VIA ORCHID GULLY AND THE SLABS (\$225 15YO+)

Mt Maroon is one of the Scenic Rim's most picturesque mountains. At 965m it is a mini Mt Barney, and is a great option to try before attempting the bigger mountain. The ascent from Cotswold follows a steep ridge line which allows for sweeping views of the rhyolite cliffs and the valley below. The descent to Paddies Plain follows a dry slab creek, which has stunning views and is fun to walk on.

MT BARNEY VIA SE RIDGE (\$225PP 15YO+)

For the more fit and adventurous this guided expedition is the ultimate challenge in the World Heritage-listed Mt Barney National Park. You will explore the SE Ridge to the 1394m East Peak, then descend via Peasants Ridge (South Ridge). Interpretive information on the plants, animals, history and geology of the area will contribute to this memorable experience. This walk is both physically and mentally challenging!
